EDUCATION

ABES ENGINEERING COLLEGE

Ghaziabad ,UP

B.Tech in Computer Science And Engineering

With specialization in Artificial Intelligence And Machine learning

2021-25

S.L.M.V INTER

Ayodhya ,UP

12th Grade-75%

2018-20

TECHNICAL SKILLS

Programming Languages : Python , C , C++,C#.

Libraries and Tools : React , Node.js , Express.js ,MongoDB , MYSQL , CSS , Tailwind CSS.

Coursework : Operating System , Computer Networks , DBMS , Data Structures and Algorithms.

PROJECTS

• Admin Page [GitHub](#)

1. Engineered a comprehensive admin page using React.js, integrating dynamic charts and graphs for seamless data visualization, accumulating over 10 hours of frontend development.
2. Resolved over 10 errors during the integration of various React.js components, showcasing adept troubleshooting skills in rendering complex data visualizations.

• Ecommerce [GitHub](#)

1. Integrated the API seamlessly to fetch and display 1000+ product titles, descriptions, prices, and images, while rectifying over 20 UI design and development issues to ensure flawless API integration across 5+ screen resolutions.
2. Resolved over 20 errors during the integration of various React.js components, showcasing adept troubleshooting skills in rendering complex product data across multiple devices and screen sizes.

• Blog website [GitHub](#)

1. Integrated the API seamlessly to fetch and display 1000+ blog titles, descriptions, authors, and images, while rectifying over 20 UI design and development issues to ensure flawless API integration across 5+ screen resolutions.
2. Resolved over 20 errors during the integration of various React.js components with Express.js and MongoDB, showcasing adept troubleshooting skills in rendering complex blog data across multiple devices and screen sizes.

ACHIEVEMENTS

- **Open Source Contributor on Github(2022 & 2023)**
- **300+ Question on Geeksforgeeks And Leetcode**
- **3 Star on Hackerrank**

CERTIFICATION

- **Essentials in Cloud Computing** by Infosys Springboard
- **Programming Essentials in Python** by Cisco Networking Academy
- **Certificate in Python(Basic level)** by Hackerrank
